

TEST_CASE

```
graph LR; A[TEST_CASE] --> B[Vektorius::push_back]; B --> C[Vektorius::reallocate];
```

A flowchart illustrating a sequence of three components. The first component, 'TEST_CASE', is enclosed in a gray rectangular box. A blue arrow points from this box to the second component, 'Vektorius::push_back', which is in a white rectangular box with a black border. Another blue arrow points from the second box to the third component, 'Vektorius::reallocate', also in a white rectangular box with a black border. The boxes are arranged horizontally and connected by arrows pointing from left to right.

Vektorius::push_back

Vektorius::reallocate
